Paper 1: Trade x Benefit

- Technological change = broke apart social dynamics
  - No one has visibility of the whole task. Social fabric in tatters. A capitalist
  - Mechanization may be problematic - can break down trust and relationships.

Paper 2:

- Six laws
- 5th law: History of tech is most important?
- 4th law: non-technical factors (e.g., regulation) and market forces
- Problem between "Unit of Work" (the 1st and 2nd cases) and market vs. tech
  - How fast can technology be deployed?
- What's driving technology is enabled by tech and is
