(Personal information such as birthday and gender needed for statistical purposes only)

Student Full Name: _____

Registration Payment Order Number: _____ (online payment receipt number)

Math Course: _____ Math Teacher: _____ Math Period: _____

I, _____ (print student name) understand that as a member of the math club, I must abide by the following rules and guidelines:

1. I will attend all club meetings whenever possible. I understand that if I miss a meeting in which a competition took place, I cannot make up that contest and will forfeit any possible points earned towards club ranking.
2. I will treat fellow members, coaches, other school mathletes, and volunteers with kindness and respect including at all times including at competitions or online through sites such as, but not limited to Artofproblemsolving.com.
3. I will follow all rules set by the coaches and the individual competitions.
4. I will come to club meetings prepared to participate with all materials needed (pencils).
5. I understand that if my current mathematics grade slips below an 80%, I will not be eligible to participate in competitions.
6. I understand that this club is a competitive club and not a tutoring club. Tutoring is available through Cypress Bay.
7. I understand that at competitions and during club practice, I must remain with my group and will show up for sessions on time. Inappropriate behavior during practice or competitions will not be tolerated and is grounds for removal from club.
8. I will check my email regularly and check canvas announcements regularly. All club announcements will be sent through canvas. Information on how to add numbers and email to announcements can be found on the Math Club canvas page.
9. During off-campus competitions, I will wear my club shirt visible at all times (or club hoodie).
10. I will have fun and do my best.

Please select one.

- Yes My child's name and picture may be included in news articles representing Falcon Cove's achievement at competitions (where applicable).
- No

I understand the rules set forth and understand that a violation of these rules may result in termination of club membership or removal from team contests.

Student Signature: _____

By signing this sheet, I am authorizing my child to represent Falcon Cove Middle School by participating in mathematic competitions.

Parent Signature: _____

Please note that the AMC 8 registration is separate from Math Club registration. Please complete the AMC 8 form if you wish to participate. AMC 8 points **will** count towards club ranking.

For school use only:

_____ Registration fee paid

_____ Contract/ Information sheet signed and completed

_____ Online Contact information completed

Return first 2 pages only. Keep remaining pages for your information

Please note:

FCMS Math Club participates in Math Olympiad, Math Madness, AMC 8/10/AIME, Math Counts, BCCTM, Math Con and Mu Alpha Theta competitions.

*Registration for Math Madness Competition will be completed individually using student email. After submitting this registration form with their email address, students will receive an email request to register and must register prior to the competition in order to participate. Students are responsible for keeping their username and password handy for the competitions as I will not have access to that. I strongly suggest each student use their own email to register and not a parent email. Please do not use the student.falconcove.net email as it is not compatible with Math Madness Competition for Math Madness takes place at school.

*AMC 8 registration is held separately. Please complete and return the AMC 8 registration form prior to the deadline in order to participate. All Falcon Cove students who are 14.5 years your younger on the date of the competition are eligible to participate. Math Club Membership is not required for AMC 8. Students who score a minimum of 20 out of 25 points on the AMC 8 will be invited to participate in the AMC 10 A and B. Competition for AMC Series are held on campus after school.

*Participation in the Math Counts county competition is limited to 10 students per school. The top 10 individual math club members based on ranking from Math Olympiad, Math Madness, and AMC 8 will be invited to attend. Students will be chosen in January. County competition takes place on a Saturday. Students selected will be notified individually prior to the competition.

*Dates of upcoming competitions are posted on canvas and are subject to change (by competition companies). I will update Canvas and make announcements during club practice sessions if a date does change.

*Top 30 students will be posted outside of room 229 and will be updated periodically.

*Make-up competitions are not permitted for any competition per competition rules. If a student is not present for a competition, they will be marked absent and will not be eligible to earn points for that day.

*BCCTM participants are chosen based on club and class performance. The team of 4 will be chosen for each category (6th grade advanced, 6th grade Pre-Algebra, 7th grade Pre-Algebra, 7th grade Algebra, 8th grade Algebra, 8th grade Geometry, EMF 6, 7, 8).

BCCTM competition takes place on a Saturday. Students selected to participate will be notified prior to the competition.

*Mu Alpha Theta Competitions are for students enrolled in a High School Math Course only (Algebra, Geometry, etc.). A sign up form will be emailed home to all eligible students once Math Club registration ends for students to sign up for the contest(s) they plan on attending.

Mu Alpha Theta Competitions are held on Saturdays.

*MathCon is a new competition to Falcon Cove. Students will compete at their own grade level. The strongest students Nationwide are invited to participate in a MathCon Nationals competition in Chicago. More information will be provided throughout the year.

*Officers – An officer will be elected from each grade level. Students interested in running for office must email me their information prior to the election meeting and be prepared to speak to the group regarding their interest.

*Please listen to announcements for important information regarding upcoming practices, competitions, results, etc. **Announcements will also be made through notifications in Canvas.** Please be sure to update your canvas settings to include all email/ phone numbers to receive notifications and to adjust your notification settings to alert you to announcements.
