Reading Questions for Tuesday, March 26, 2019

We ask you to submit comments on the Augur, Maker and CryptoKitties white papers by midnight Tuesday March 25.

Your comments should include both answers to the specific reading questions and generic response about the papers. You are welcome to include any questions you have about the paper in your comments. After submitting your own comments, you'll be able to see others' submitted comments. You can comment on others' submissions and answer raised questions on Canvas. Discussion on Canvas is strongly encouraged.

1 Reading Questions

1. What do you think of the assumption that giving those who migrate their REP within 60 days of the start of a fork 5% more REP in the child universe is enough of an incentive to guarantee that at least 20% of all REP will migrate to the True universe?

2. How are Dai generated?

3. What is the point of digital collectibles like CryptoKitties?

2 Generic Response

Respond to the papers following the guidelines in the course syllabus (under "Submit Comments and Presenting Papers").
