

Registering for Pivot

You **do not** need to purchase anything for labs. Instead, your TA will send you a “Class key” for Pivot later this week. Note that the Class key is different for each TA, so do not copy other’s key.

Go to www.pivotinteractives.com

If you don't have an account on Pivot ([instructions](#)),

- Click “Join a Class”
- Enter the Class Key, your first and last names as appear on Canvas, your UW email address, and a password.
- Click “Create Account”

If you already have a Pivot account

- Log in
- Click on your name in the top right, then select “Join Class” from the list.
- Enter the Class Key
- Click “Join a Class”.
