TASKER: Voluntary Air Force Reserve (AFR)/Selected Reserve (SelRes) rated assignment application process CY2020.

DISCUSSION:

1. The purpose of this message is to announce the RCP-R program. RCP-R is part of the Total Force AFROTC commissioning effort and is officially part of the Accessions Program Guidance Letter (APGL) requirements from AF/A1. The purpose of RCP-R is to identify volunteers for AFR SelRes assignments prior to RegAF categorization.
2. Cadets selected for AFR assignments will receive a SelRes service commitment equivalent to what would have been their active duty service commitment (ADSC) for completing the AFROTC program. Anyone selected to attend undergraduate flying training (UFT) will do so in an active duty for training status. More details are available in attachment 1, *Additional RCP-R Information*.
3. Cadets may apply for rated Air Force specialty code (AFSC) consideration to include pilot, CSO, RPA, and ABM. AFRC/A3R will conduct the UFT selection board 10-11 Oct 2018 to select qualified AFROTC cadet volunteers. All UFT applications must be submitted by 30 Sep 2018 and include the following: a targeted résumé, field training performance report, an Air Force Form 215, *Aircrew Training Candidate Data Summary*, and an AFROTC Form 53, *Cadet Assignment Preference Worksheet*.
