Washington, D. C.

June 11, 1918.

I forward herewith appeal of Benouta Veissi, aged 26, native of Greece, ex SS "Giuseppe Verdi", May 20, 1918.

This woman was assisted to come here by her intended husband, who is also the brother of her deceased husband. She cannot read and her exclusion, therefore, is mandatory. Attention is invited to the fact that an attempt was made to secure admission unlawfully, she having testified that the "company's agent told me to go to Canada", although she has no one in that country.

DEPORTATION RECOMMENDED.

SUPPLEMENTAL MEMORANDUM
for THE ACTING SECRETARY:

The facts concerning this woman, subject of Greece but of the Hebrew race, are commented upon, in a brief way, in letter hereunder from the Ellis Island office. You will note that the excluding decision was affirmed by you on the 15th instant, decision having been transmitted to the port on that date. Her exclusion occurred under the illiteracy clause of the law, she being unable to read in any language or dialect.

Your attention is now invited to the letter hereunder, left with the Bureau today by Attorney Gottlieb, of this city. It suggests a decidedly novel reason for overriding the immigration law, viz., to permit the woman to comply with the "Hebrew law" and enter this country for the purpose of marrying her brother-in-law. Presumably, the laws enacted by our Congress must govern in a case of this nature.

Request is also made for the temporary admission of the woman under bond, this apparently for the object of affording her an opportunity either to learn to read or to marry her brother-in-law. Of course, this request should be denied. The woman is subject to return to Greece, and her deportation should be effected as soon as accommodation for her can be made on the vessel of the responsible steamship line, which may be soon, or may not be for some time.

It is recommended that the previous decision be adhered to, and that the request for temporary landing under bond be denied.

Attorney Gottlieb wishes to appear before you personally for the purpose of discussing this case, and has suggested that you call him over the telephone (Main 6542) suggesting a time when you can see him.

The first named alien is Feebleminded, the next three were Unable to Read, and the last one is a Prostitute. The SS "Giuseppe Verdi" will, we are advised, depart from New York on or about August 15, and there is no good reason known to this office why deportation should not occur at that time. To neither of my above mentioned letters has any reply been received and I shall appreciate receiving a prompt response to this communication.

In addition to those previously named there are also detained at Philadelphia the following aliens who might also be deported by the SS "Giuseppe Verdi" unless you direct to the contrary.

Giovanna Lo Mastro
Maria La Bella
Eleutherios Dimenagas

Also Maria Giovanna Zanucccl, ex SS "Giuseppe Verdi", May 31, 1918, who was excluded by a Board of Special Inquiry as Unable to read. Record in her case is forwarded herewith.

The usual time has been allowed the Transatlantica Italiana within which to show cause why a fine should not be imposed, but no evidence has been received. I therefore recommend that a fine of $200 be imposed against them, and that they be called upon to return to the alien, through the Collector, the amount of transportation involved, $79.00.

Pursuant to the instructions contained in Bureau letter of the 6th instant, No. 54334/344, and Department telegram of November 12, we have taken such steps as were possible to comply with the terms of Rule 17-A, as to the temporary landing of the alien Benouta Voussi, who arrived on the "Giuseppe Verdi", May 30, 1918, and was excluded as unable to read. The alien's signed statement and that of the sponsor named by her, Morris Veissy, are transmitted herewith.

A reference to your record will show that the sponsor is the man whom the alien intended to marry, and while it has been impressed upon him that such marriage should not occur, and he has stated that he understands that this action should not be taken, if it is consummated, I know of no action the Department can take in the matter without inflicting considerable hardship upon the persons concerned, and I doubt whether deportation could be effected legally inasmuch as she would then be the wife of a bona fide resident of the United States.

In view of this situation, which may have escaped the Bureau's notice at the time decision was rendered, I have
not as yet requested the Commissioner of Immigration at Philadelphia (she is detained at the Gloucester Station) to release her, pending receipt of further instructions from you.

I have heretofore advise you that the "Dante Alighieri", which is controlled by the same interests as the vessel by which this alien arrived, will sail on or about December 3.

In re ASSESSMENT OF FINE in the case of the master of the SS "Giuseppe Verdi" for violation of Section 9. The vessel arrived at New York May 20, 1918.

MEMORANDUM FOR THE ACTING SECRETARY:

The alien Benoua Veissi arrived at New York May 20, 1918 on the SS "Giuseppe Verdi" and was excluded by a board of special inquiry and ordered deported as being unable to read. Section 9 of the Act provides a penalty of $200 and the return of cost of transportation for the bringing of certain illiterate aliens to the United States. This young woman has been admitted temporarily, but in the opinion of the Bureau temporary admission is not a bar to the imposition of the fine.

The usual notice of liability for fine was served upon the owners of the vessel but they have entered no protest to the imposition of the fine.

The Bureau is satisfied a fine of $200 has been incurred and recommends that it be covered into the Treasury as an immigration fine and that a refund of $79 be made to the alien to cover the cost of her transportation, such refund to occur only if such deposit is finally deposited.

Commissioner of Immigration,  
Ellis Island, N. Y. E.

1. The Bureau acknowledges the receipt of your letter of February 27th, last, No. 98786/26, and one dated August 17, 1918, same number, transmitting papers, relating to the case of the alien Benouta Veisi, ex SS "Giuseppe Verdi", May 30, 1918.

2. As a result of the evidence presented, and after due opportunity for hearing accorded the owners of said vessel, it appears to the satisfaction of the Department that the above-named alien is illiterate, and that such disability might have been detected at the time of foreign embarkation by the exercise of reasonable precautions.

3. The Acting Secretary therefore directs that the Transatlantica Italiana, owners of the SS "Giuseppe Verdi", pay to the Collector of Customs at the port of New York, at which port the vessel arrived, the sum of $200.00, as provided by section 9 of the Act of February 5, 1917, and that you so certify to the Collector in order that the amount now on special deposit on account of said alien, may be immediately covered into the Treasury as an immigration fine.

4. As the alien has been temporarily admitted, the Collector should be requested to retain, on special deposit, the amount deposited by the company, to cover the cost of transportation from the initial point of departure indicated in her ticket to the port of arrival —979— until the Department finally disposes of the case by ordering deportation or outright admission.
