

Friday 10/16/2020 Assignment

Link to Friday Check In - <https://forms.gle/vifcmgdAupisxAeT9>

We will discuss your answers on Monday in class. You can answer in a single paragraph or for each bullet point. However you should separate the two topics.

Please create a Google Doc to answer in, title the Google Doc – **Last Name – Asch/Milgram**

- Share your google doc with: jay.niessner@ucps.k12.nc.us
- This should be completed no later than Sunday at Midnight
- As always if you have any questions please don't hesitate to email me
- Don't forget to do the Google Form Check In today by 3:00 pm

Solomon Asch:

- What did you think of Asch's study?
- Do you think that you would you conform?
- What was the underlying factor if the subject joined or did not?
- Do you think the results would be the same today as when it was conducted?

Stanley Milgram:

- What did you think of Milgram's study?
- Do you think that you would carry out the testing?
- Why do you think his experiment was so controversial?
- There is data that shows the experiment would garner the same results today as it did back in 1962. Do you think this is a valid statement? Explain
