

as of 10-31-2018

**Gordon-Conwell Theological Seminary—Charlotte
Academic Schedule-at-a-Glance, 2018-19**

Please note the following:

- 1) The schedule is arranged in columns, and the first three columns include all master's-level courses except counseling courses. These three columns correspond to the delivery system for each course. (Note that the dates of the modules for weekend modular courses are included at the top of each page.) The fourth column is for counseling courses, which are kept separate because they are normally open only to MACC students.
- 2) **Courses to be taught via Digital Live are printed in red type.**
- 3) Each course includes as much information as is currently available. Updated schedules will include more information (e.g., the professor, the format, the exact dates of a week-intensive, etc.) as it is finalized. Please check the updated schedules when they come out.

as of 10-31-2018
